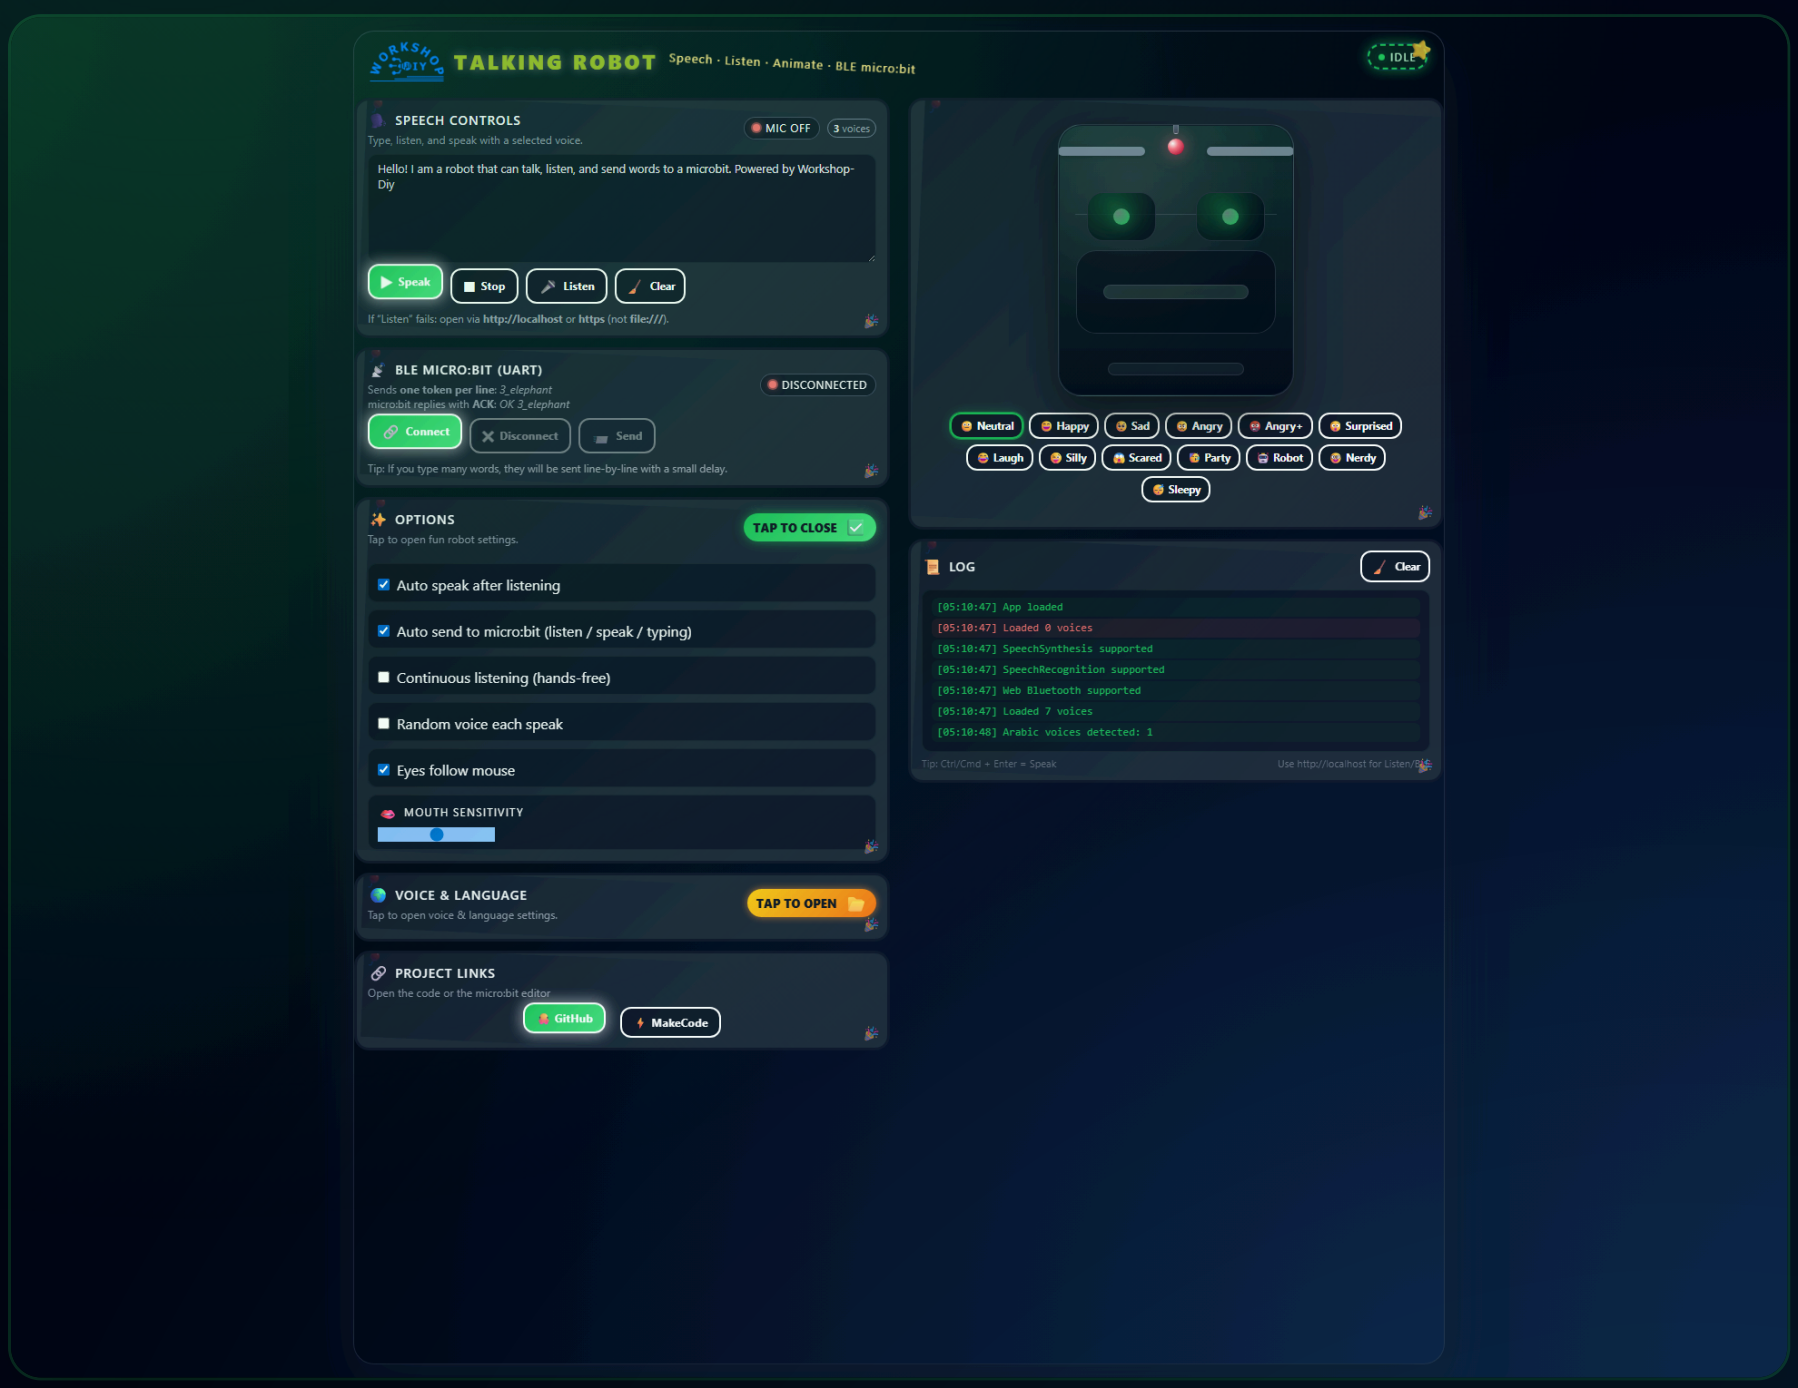
TTS + STT · 8 ARABIC REGIONALS · PWA-INSTALLABLE

Make robots talk. 13 emotions. 16 voices.

Type, speak, change face. Optional 5×5 LED face mirror on a micro:bit.



13 animated emotions

Happy, silly, scared, party, sleepy, robot, nerdy, love, cool, angry, sad, shy, wink — all face-animated.

16 voice locales

English, French, Arabic — including 8 Arabic regionals (KSA, Egypt, Morocco, Tunisia, Algeria, Levant, Gulf, MSA). Rare.

Optional BLE face mirror

Pair a micro:bit V2: EMO:name commands → 5×5 LED emotion mirror. Per-syllable N_word tokens.
